RE: Joint International and Domestic Section 214 Application Filed for the Transfer of Control of Integra Telecom Holdings, Inc., Eschelon Telecom, Inc., Electric Lightwave, LLC, and other subsidiaries of Integra Telecom Holdings, Inc., WC Docket No. 07-206:  
Supplemental Filing

Dear Ms. Dortch:

On behalf of Integra Telecom Holdings, Inc. ("Integra Holdings"), Eschelon Telecom, Inc., Electric Lightwave, LLC, and other subsidiaries of Integra Holdings set forth in the above-referenced application (collectively, the "Applicants"), this supplement is filed pursuant to Section 1.65 of the Commission's Rules to update the Commission's records.

Specifically, Applicants filed the above-referenced application (the "Application") with the Commission on September 18, 2007. Subsequently, on September 19, 2007, in WC Docket No. 07-202, the Commission issued Public Notice accepting for filing the Domestic Section 214 Application for the Transfer of Control of SJI, LLC to Boston Ventures Limited Partnership VII ("Boston VII"). The transaction covered in WC Docket 07-202 is unrelated to the Application. Boston VII is an affiliate of one of the Applicants' current, and future investors, and an entity listed as both a Transferor and Transferee in the Application, Boston Ventures Limited Partnership V. In the application in WC Docket No. 07-202, the applicants in that proceeding state that the service territories of the domestic telecommunications companies covered by that application (specifically, Larose, Grand Isle, Golden Meadow, Leeville, and Gailliano, Louisiana, and Houston, Texas; collectively, the "SJI Service Areas") neither overlap nor are adjacent to the service area of Integra Holdings.

The Applicants have reviewed the service areas at issue and there may be a minimal degree of overlap between the service areas served by one of the affiliates of Integra Holdings and the SJI Service Areas. Specifically, Electric Lightwave, LLC ("Electric Lightwave"), a certificated carrier<sup>1</sup> and a subsidiary of Integra Holdings, provides private line-longhaul and/or frame relay-access service to three business customers in the Houston area.

<sup>1</sup> FCC Section 214 International Authorizations were granted to Electric Lightwave, LLC in File Nos. ITC-214-19940415-00137 and ITC-214-19980619-00425.

Given the minimal nature of the possible overlap in Houston, Texas involving competitive, non-dominant carriers, Integra Holdings and its subsidiaries should qualify for streamlined treatment under Section 63.03(b)(2)(i) of the Commission's Rules.<sup>2</sup> Integra Holdings and its subsidiaries, combined, have less than 10 percent market share in the interstate, interexchange marketplace and provide competitive telephone exchange services or exchange access service exclusively in geographic areas served by unaffiliated dominant local carriers, with the following exception: Integra Holdings and its subsidiaries are nondominant in all markets except a few exchanges in Minnesota where Integra Holdings' ILEC affiliate, Scott-Rice Telephone Co. ("SRTC"), provides service. Neither Integra Holdings nor any of its other subsidiaries provide service in SRTC's territory. Thus, Integra Holdings and its subsidiaries are non-dominant in all markets except those markets in Minnesota served by SRTC, and in SRTC's territory, Integra Holdings and its subsidiaries constitute a dominant carrier and non-dominant carriers that provide service exclusively outside the geographic area where the dominant carrier is dominant.<sup>3</sup>

Please do not hesitate to contact the undersigned if you have any questions regarding the foregoing.

Respectfully submitted,

Michelle W. Cohen
